01 - Choose an appropriate position under the tabletop for installation.

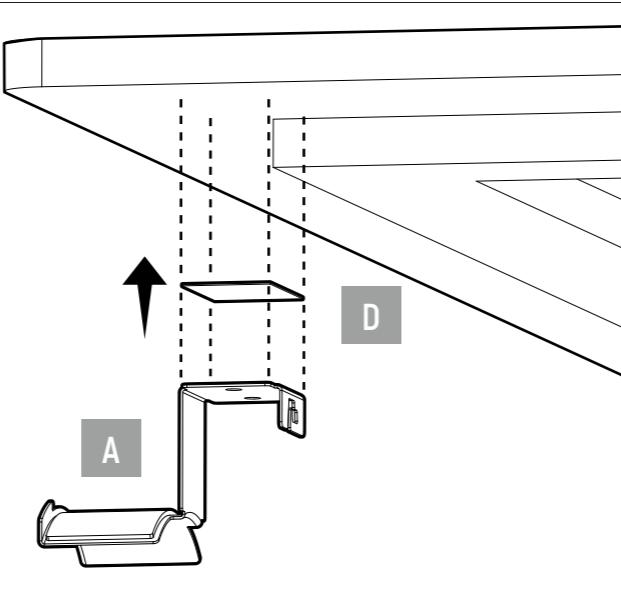

02 - Depending on the material of your desk, fasten the headset holder onto the tabletop by self-tapping screws or double-sided tape.

SOLID TABLETOP

INSTALLATION ON OTHER DESKS

NON-SOLID TABLETOP WITH SMOOTH SURFACE

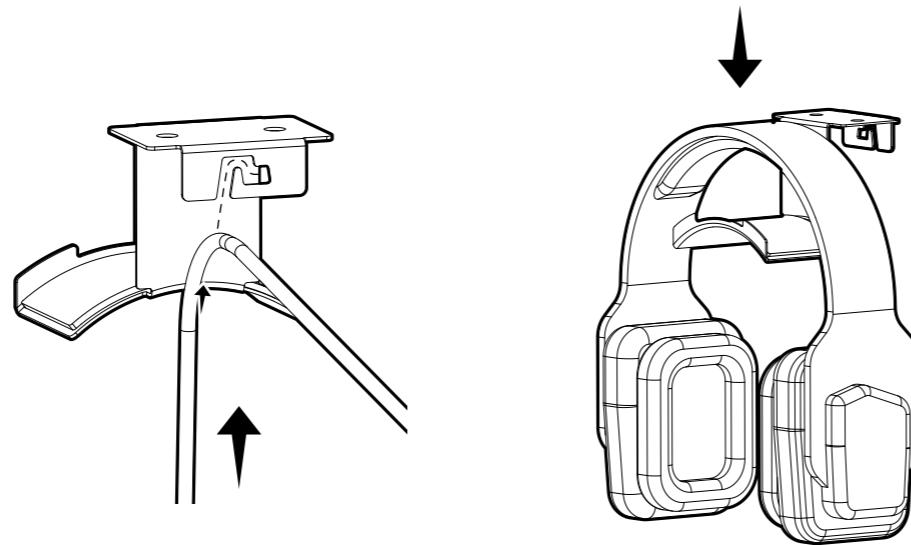

CAUTION :

1. Please check the material of your desk before installation.
2. The smooth surface of the tabletop can help the combination by double-sided tape well. If the surface is not smooth as well, please use the M3.5 self-tapping screws instead of double-sided tape to fasten the headset holder.
3. The combination by double-sided tape would be different due to different surfaces of tabletops which DEZCTOP can't verify all of them. The double-sided tape is one kind of tools to assist you in installation. DEZCTOP does not guarantee this double-sided tape meet all situations. You might need to use M3.5 self-tapping or other kinds of double-sided tapes for installation.
